

Borough Councillor Andy Burford, Aqueduct & Dawley Ward

April 2024

In terms of Borough Councillor involvement on Aqueduct over the past 12 months Lyndsey and I have had numerous issues to follow up including:

- drug dealing and anti-social behaviour around Stonegate and Willow Bank which led to a series of meetings with residents which we organised and chaired. There was good support from the Police and the Council's officers and we managed to achieve a positive outcome
- introduction of a temporary 30 mph limit on Castlefields Way - we are waiting to see what additional measures will be required to make this permanent
- liaison and follow up with residents on Aqueduct Road regarding parking problems, landscaping, flooding and some anti-social behaviour
- flooding issues on Pageant Drive
- various parking and landscape issues particular to individual properties and parts of streets
